

International Centre for Mathematical Sciences

Pop-up Exhibition of Mathematical Artwork

**Tuesday 3 July 2012
1.30pm to 5.30pm**

The Atrium, ICMS
15 South College Street
Edinburgh

Location map online at
www.icms.org.uk/information/findingicms

In parallel with the academic programme of the conference on Applied and Computational Topology (AMTCS5) this exhibition showcases work by conference delegates as well as selected pieces by local and overseas artists. On display we have prints, video and textiles which explore the general themes of AMTCS5 – surfaces, networks and connections.
