

Ain't a mathematician? Perspectives of a brazilian black woman mathematician.

Manuela Souza

Universidade Federal da Bahia · Departamento de Matemática

In this talk, I will speak about invisibility and underrepresentation of black women mathematicians in Brazil, where the majority of the population is black. I will talk about the Brazilian Group of Black Women Mathematicians (in portuguese, Grupo de Matemáticas Negras), a collective mobilization created in 2018, composed of a self-identified black women working or interested in different areas of mathematics.
